

TECHNICAL SPECIFICATION

Name of Product:	Sunflower Oil Refined Deodorized DKKP code 15.42.1. (10.41.54)
Package:	1-L PET bottle
Seller:	Sirius Investment sp. z o.o.
Purpose for application:	for direct consumption
Storage life:	12 months from date of manufacture, if stored in sealed darkened room, in the recommended temperature from + 8 oC to + 25oC
Transparency	transparent no sediment
Nutritional	99,9 g fat per 100 g product;
Energy value	3761 kJ (899kcal) per 100 g of product

No.	Name of parameter	Analysis results	
1	Color number, mg iodine	No more than 10	The product quality complies with the requirements of DSTU4492 "Sunflower oil specification" Products certified commercially in OS of SE "Kirovogradstandartmetrologiya" The production plants operates with a quality management system compliant with the EN ISO 9001:2007 standatd
2	Taste and smell	Taste of impersonal sunflower oil, odorless	
3	Mass fraction of moisture and volatile matter, [%]	No more than 0,10	
4	Mass fraction of unfatte impurities, % by weight	No	
5	Content of phosphoric substances% by weight, not more than – in terms of stearoleolecithin	No	
6	Peroxide number, $\frac{1}{2}$ O mmol/kg	No more than 10	
7	Acid number, mg KON/g	No more than 0,25	
8	Soap (quality test)	No	
9	Wax and waxy substances	-----	
10	Saturated fatty acids	11,65	

Date of preparation: 10 May 2023

The document was prepared on the basis of the manufacturer's quality certificate.
